

# Setup Guide

for

## Redstone Online Banking

Registering for online banking is easy. You can get started with just a few pieces of information.

### Step 1

Go to the **online banking page** of the Redstone website, or **download and open the mobile banking app**.

- Click **Sign up for online banking** (PC) or **Sign up** (app)
- 1. Verify your membership.** You can use your member number OR any account number of which you are a primary or joint owner, to include:
    - savings
    - checking
    - loan
    - credit card
    - debit card
  - 2. Type in the last six digits of your social security number**
  - 3. Type in your birthday,** or use the calendar to select your birthday.

You'll be asked to complete a verification step, an extra security feature to authenticate that you are not a robot. Finally, select "Verify" to confirm your membership information. Next you'll create your login information.

NOTE: you may also be asked to enter a telephone number and/or enter or confirm an email address.

## Step 2

---

### Create Login

Choose your Username and Password.

#### Username

- Please make sure your Username is 6-60 characters long
- Your Username can contain numbers, letters, and certain special characters
- Your Username cannot be all numbers, but can be all letters or characters
- Your Username cannot contain spaces

#### Password

- Please make sure your Password is at least 10 characters long
- Your Password will need the following:
  - Minimum 1 uppercase letter
  - Minimum 1 number
  - Minimum 1 special character

## Step 3

---

### Click the **Create Button**.

### You are now ready to log in to online banking.

Open the mobile app or go to the sign in page on the website and enter your **Username and Password**.

### Read the **Terms & Conditions of service**.

When you are done reading, click the box to **accept the Terms & Conditions**.
