

# Financial Education

## A class for every age and stage of life!

Everyone's financial journey is different. That's why our Financial Education Team brings an "Engage & Educate" philosophy to schools, businesses, and nonprofit organizations – delivering practical tools and guidance to help build strong financial foundations.

## Let's Talk About:

**Saving Money**

**Goal Setting**

**Budgeting**

**Credit**

**Fraud & Scams**

**Investing & Retirement**

## Engage & Educate:

### *Choose What Works for You*

Ask us about these interactive learning opportunities:

### Reality Fairs

These hands-on budgeting simulations are designed for large groups. Students are assigned a random career and scenario, then visit lifestyle booths to make real-world budgeting choices. It's an eye-opening way to explore financial decision-making.

---

### Empowerment Series

Looking for ongoing education for your group? We can create a custom series using our available topics and deliver them on a schedule that fits your needs. Perfect for cohorts or session-based programs.

---

### Online Financial Education

We've partnered with Zogo – a gamified financial education app! Complete bite-sized learning modules, answer quizzes, and earn points you can redeem for e-gift cards. Learn. Play. Earn. Available on multiple platforms.
